

PLACE IS CHANGED

For Mobilization of Kansas Troops to Leavenworth.

GUARDS TO BE IGNORED

Armory at First and Main a Lively Scene.

Sheriff Simmons yesterday received this telegram:

"Topeka, Kan., April 26, 1898.

"Sedgwick county citizens desiring to enlist must present themselves to recruiting officer at Wichita Friday morning next for examination. Please announce."

"J. W. LEEDY, Governor."

This would appear to mean that Leedy will adhere to his decision not to recognize the organization of national guards.

He says in his proclamation yesterday that members of the national guard will be given preference as recruits and not as regiments or companies. The proclamation is given in full below:

WICHITA GUARDS SIGN AGREEMENT.

Yesterday Captain Koenigs received a letter from Colonel Holsinger at Newton advising that the company here be recruited to its full strength and enclosed was the enlistment agreement, given below, which indicates that the guards are determined not to break their companies and go into entirely new organizations.

"We, the undersigned, do hereby agree to enlist in the service of the United States for two years in its war with Spain as members of Co. A, Second Infantry, Kansas national guard, provided we are called by the president as an organization and allowed to serve as now organized."

This list was kept open at the armory on the corner of First and Main streets yesterday for the companies here as was announced in yesterday morning's Eagle.

A volunteer paper was opened in the armory and scores responded.

Squad of new recruits were being drilled all day in four, eight and with the regular company in the evening. At least thirty were enlisted and twice as many more asked permission to do so. Ex-guardsmen are given preference in the enlistment.

The recruiting officer will be here for work Friday morning. It is not known here who he will be, but it is expected by the K. N. G. officials here and at Newton that Lieutenant Smith of Wichita will be the mustering officer. The boys here last night seemed to be very much dismayed and discouraged when it was announced that Governor Leedy still adhered to his decision not to recognize the K. N. G. organization. They say they will not go at all. Many citizens feel that at the course Governor Leedy has taken in the matter. In no other state are the guards being treated as they are in Kansas.

CAPTAIN HAWLEY'S VOLUNTEERS.

The company of volunteers raised at 217 East Douglas avenue is now increased to 75 and Captain Hawley is drilling them. They were on the street last night parading, marching to the loud sound of martial music by the drum corps. The list is: G. M. C. Mariager; drum, Perry Redmond; snare drum, Newton Miller; standard bearer, H. M. Maxwell. The volunteers, guard, infantry and battery were all out on the street last night drilling. The total number of soldiers now in Wichita is about 225.

LADY'S PROCLAMATION.

Below is Leedy's proclamation, issued yesterday, naming the recruiting points and advising volunteers by counties as to where to enlist. The point for mobilization of the Kansas troops has been changed from Kansas City to Leavenworth.

To the People of Kansas:

The president of the United States has called on the state of Kansas for three regiments of infantry to serve in the war against Spain. Unless subsequent advice from the national government shall suggest changes in the method of procedure, the following plan will be pursued:

The following cities will be designated as recruiting points:

Kansas City, Kan., Lawrence, Oswatimie, Fort Scott, Pittsburg, Columbus, Independence, Winfield, Parsons, Leavenworth, Topeka, Atchison, Seneca, Holton, Salina, Abilene, Concordia, Clay Center, Blue Rapids, Beloit, Smith Center, Norton, Hays City, Osgood City, Emporia, El Dorado, Leroy, Marion, Wichita, Wellington, Hutchinson, Kingman, Great Bend and Dodge City.

It is anticipated that one company will be recruited at each city, except that one and one-half companies will be raised at Oswatimie and one and one-half companies at Holton. However, something will depend upon the number of men offered at each place and if there should limited supply at any point some additional troops will be raised at some of the stations surrounded by the largest population. Recruiting officers will have full instructions as to the number of men to

WANTS HER CHILD

Mrs. H. D. Heiserman Takes Her Little Daughter

FROM CHILDREN'S HOME

Home Brings Habeas Corpus Proceedings.

Yesterday morning Attorney Holmes and Haymaker brought an action in the district court for the Children's Home to take the child, Kitty Denn, on a writ of habeas corpus from Mr. and Mrs. H. D. Heiserman, who had taken the child from the home by Officer Tom Voss.

Judge Dale ordered the child held until this morning when evidence will be offered in the case. The little girl is some seven or eight years old, the child of Mr. and Mrs. Denn. Some years ago Mr. and Mrs. Denn separated and the child was taken to the home. Later Mrs. Denn was married to H. D. Heiserman and wants the child. Mr. Heiserman made this statement to the Eagle last night:

"My wife and her former husband, Dock Denn, were separated some years ago, and she secured a divorce. She went to work to make her own living. She engaged a place out at the home of C. Wood Davis. Having to work about she gave the child over to the home. She and I were married two months ago, and having a home now Mrs. Heiserman wants her child back. The home people wouldn't let her have the girl. I don't know why. As a last resort we took Constable Voss and went out there and got her. They brought habeas corpus proceedings. The case will come up tomorrow morning. That's all there is to it. I don't know why the manager should refuse to let Mrs. Heiserman have the little girl."

The directory of the home issues the following statement:

"Nearly four years ago Mr. and Mrs. Denn, the parents of the little girl of six, indentured their two little children to the Children's Home, thereby giving up all legal control. The child was placed in a good moral home and remained there until recently, when the mother so interfered that it was thought best to return the child to the home for safe keeping. The mother requested that the child be given back to her, and was told she might have the child provided three references could be given. These were not received. Yesterday morning the mother, now Mrs. H. Heiserman, and Mr. Heiserman and an officer without any warrant, went out to the home and kidnapped the child.

"The suit is brought by the directory of the home to ascertain who has the legal control of the child. If the court decides the home has not the legal control of children committed to it as this child was committed, then the work of this institution for the past ten years is all illegal, and any man or woman so disposed may take a child to the home and leave it there to be provided for with another home, clothed, fed and educated at somebody's expense, and then whenever it suits their convenience or pleasure, the child may be forthwith returned to the parents who voluntarily abandoned it for years.

"On the other hand, if the home is the legal guardian of the children entrusted to it, there are good grounds for bringing suit for kidnapping. As the mother of committing children to orphan's homes is similar in all such institutions, not only in our state, but in other states, and as tests have been made of its legality in other localities, there is little doubt as to the outcome of the trial."

ORITARIO SOCIETY ORGANIZED

Enacted a Constitution and Bylaws Last Night.

The Wichita Oratorio society was organized last evening in the music room in the City building. After a lengthy discussion a constitution and by-laws were adopted. In the first part of the evening a rehearsal was given under the direction of Miss Jessie L. Clark. Following came the business meeting. Mr. E. E. Higginson was nominated for temporary president by Miss Clark. There being no other candidates, he took the chair after a unanimous election. Mr. Saxe read the constitution and by-laws which had been prepared. It was voted on in sections and all passed but two, which were slightly modified. At the conclusion of the reading of the by-laws and constitution carried. The following names were put out for the constitution: Franklin L. Payne, E. E. Higginson, Floyd M. Tracey, B. A. J. Hill, Nina J. Bush, Mrs. J. A. Allen, Miss Anna Cook, J. R. Liebrandt, Mrs. M. Bryant, Gail Gille, Irene C. Leeper, Mrs. G. E. Hartman, Olive M. Hutchinson, C. Loomis Fuller, Frances Hutchinson, Florence Sullivan, Mrs. L. Genevieve Hagin, Lucila Kierker.

The conductors and trainmen of the Missouri Pacific in session at Yates Center yesterday adopted resolutions favoring C. Armstrong of El Dorado for surgeon of the Second regiment of volunteers. Governor Leedy was advised by wire of the action of the trainmen's convention.

RAILROADERS WANT TO GO

Hayden and Shipley Tender Their Services.

Mr. Steele Hayden, conductor on the Missouri Pacific, and Mr. W. H. Shipley, conductor on the Frisco, yesterday wired Governor Leedy, stating that they would like to organize a company to go to the front. Both of the gentlemen stated in the telegram that while they wanted the privilege of organizing a company, they would each go to the front as private in the companies which help to make. Their intention is to make two companies exclusively of railroad men.

AUDITORIUM DIRECTORS MEET

Officers Elected and Committees Are Appointed.

The Auditorium shareholders held a meeting yesterday afternoon in the city building and elected Thomas G. Fitch president; E. B. Jewett, vice president; James Burns, secretary, and Charles Carey, treasurer. A motion was passed authorizing the president to appoint a committee of five to devise ways and means to provide for the liquidation of the floating debt and the mortgage on the building and to report to the directory at their earliest opportunity.

AT Henderson's

CAMBRIC UNDERWEAR.

Today the sale opens. A windowful of traveling men's samples—wish we had four times as many. Every garment has been selected with extra precaution by the salesman and our retail price is considerably less than their actual wholesale price.

Don't fail to be present at our special sales, especially those of today and next Friday.

At the Linen counter are a few straws that show how the wind blows. Turkey Red Damask full 65 inches wide at 24c a yard, and a half bleached Pure Linen Damask at 24c.

Here are two sales for Friday that will crowd our store—if our readers fully appreciate "values and low prices": One lot of Laces, the richest productions in Black Chantillas, all sizes, worth from 25 to 50c a yard, our special sale price will be 10c a yard. Also one lot of Torchon and Valenciennes Laces worth from 15 to 30c a yard, in all widths, at 5c a yard.

If you doubt the genuineness of the values look at the window display this afternoon. The sale is for Friday. Not a yard goes earlier.

One other important event for Friday in our Remnant Sale, which in value will equal the lace sale. For weeks we have been quietly putting aside dress remnants in preparation for this event and now are ready for it with the choicest line of remnant lengths ever displayed in our store.
